WHERE WILL YOU SUMMER?

Why not go into the { A delight'ul spot to spend Upper Delaware Valley? | the hot Summer months.

PORT JERVIS, N. Y.

port jervis. N. Y., is located in that heart of the famous Delaware Valley, 55 miles from New York, on the line of the Eric Raifoad. It lies at the junction of these States—New York. New Jersey and Pennaylvania. In its surroundings it combines every conceivable attraction in the way of scenety—mountains that tower 1,800 feet above the village, augerh aweeps of forests, rivers, upland lakes, flens and waterfails.

Port Jervis is pro-eminently a healthful locality—no swamps or marshes anywhere near. The land is all hard; streams swiftruning; water is soft, devoid of organic imputities. The village is thoroughly sewered. The water supply (pure spring water) is collected that severyor 1.(0) leet above the village in virgin forests, where contamination is impossible. The sie water supply (pure spring water) is collected in Summer is gathered from lakes of the same character.

Among the attractions of this romantie locality are unsurpaised fishing, biogeding, divining, horseback fiding, rambine boaling and balting. No finer read exists in the country. SUMMER RESORT COMMITTEE, Port Jervis, N. Y.
